A PAPER DEVOTED TO THE BEST INTERESTS OF MENLO PARK AND SAN MATEO COUNTY

VOLUME 17 — MENLO PARK, SAN MATEO COUNTY, CALIFORNIA, FRIDAY, OCTOBER 6, 1939 — No. 1

OUR FAIR

With the closing date of the Golden Gate International Exposition now advanced to Sunday, October 29, the final weeks of the Fair, starting with this Saturday, October 14, will be the most entertaining in the history of Treasure Island.

Special added attractions, which would have been stretched over a two-months period, will be compressed into the 15-day period which will remain after Saturday, thus creating the busiest round of fun and festivity ever staged for the benefit of Exposition visitors.

Newest feature of the free entertainment program which has brought a long series of top-line entertainers to Treasure Island will be appearance of Count Basie and his red-hot dance band which will open on October 16. Basie, regarded as greatest of all Negro pianists, and his group of outstanding artists, will continue until the end of the Exposition, presenting two free performances daily in Temple Compound, and supplying torrid music for the free nightly dances in Treasure Island Music Hall.

Music lovers will be accorded another classical treat on the afternoon of October 21 when Conductor Andre Kostalentez and members of the San Francisco Symphony Orchestra, with Lily Pons, famed operatic coloratura featured, will present a concert in the California Coliseum.

Dairy Week, with its hundreds of pure bred cattle on exhibition, will open Oct. 21 and continue until the closing day.

Among the special added events that are now on the program for the balance of the month will be celebrations for Camp Fire Girls, University of San Francisco, Catholic Orphans, Kiwanis and Redwood Empire Week on Oct. 14; Petroleum Day and Vallejo Day, Oct. 16; National Association of Master Brewers, Oct. 17; American Red Cross Day, Oct. 20; Pacific Gas & Electric Day, Oct. 21; Daly City Day and Watsonville Day, Oct. 22; Navy Day and Reedley Day, Oct. 27; Fortieth Division Day and South San Francisco Day, Oct. 28; Owl Drug Company Day, V. F. W. Day, and Mill Valley Dey, Oct. 29.

In addition, a number of other special events planned for November will be moved ahead to add to the remaining weeks of October.

For the closing weeks, building up to the final party on the weekend of October 27, 28 and 29, the Cavalcade of the Golden West will continue up to the end of the Fair, while the famed Folies Bergere will close on Oct. 26.

LOCAL STUDENTS WIN HONORS AT S. J. STATE

San Jose, Oct. 12—Election of new officers for the San Jose State college Japanese Students' association this week resulted in the selection of two Menlo Park students as vice-president and recorder.

Gunji Moriuchi, of 1012 Chestnut street, was namd vice-president, and Takumi Kanazaka, of Route 2 Box 291, was elected recorder of the organization.

Palo Alto Auxiliary No. 119 of the United Spanish War Veterans will give a car dparty on Monday at 8:30 p. m. in the Veterans Building in Palo Alto. Score cards 25 cents. Public invited.

Miss Muriel Wurts, daughter of Mr. and Mrs. Burkhart Wurts of 68 Selby Lane, Menlo Park, has entered the JJokake School for Girls located on the desert near Phoenix, Arizona.

PG&E Starts Work On Five-Mile Tunnel

With a construction crew of 125 "hard rock" men and a work program that will continue into midsummer of 1941, the Pacific Gas and Electric Company has started the drilling of a five-mile tunnel on the north fork of the Yuba River, 35 miles east of Marysville. The tunnel, with a bore nine and one-half by eleven feet, is to cost approximatel $1,500,000.

Carrying water from the river to Colgate Power Plant, it will replace seven and one-half miles of wooden flume.

The tunnel will eliminate heavy and steadily-increasing expense for maintaining the flume and will also save water now lost through leakage. Most of the bore will be through hard self-supporting rock, but where necessery, cement lining will be used.

An eleven-mile tunnel of similar bore dimensions was recently completed on the Stanislaus River in Tuolumne County. It also replaced a wooden flume and was built to reduce maintenance costs and conserve water for the Company's hydro-power plants in that area.

LEGION AUXILIARY HOLDS BUSINESS SESSION

The Menlo Park Unit, No. 443, American Legion Auxiliary met in the Legion Hall Tuesday evening for a regular business session, president Blanchard in the chair.

Delegates to the District meetings were appointed as follows: Ethel French, Marie Damoth, Dora Scott Devol. Alternates: Rita Blanchard, Julia Underhill and Margaret Gale.

The Sewing Circle of the Unit will meet on Tuesday at 8 p m. in the Legion Hall. Thre ill be refresh ments during the social hour.

Mystery Life Chemical Found by Smithsonian

WASHINGTON.—Discovery of a "mystery chemical" which probably never will be seen but which makes man's life on earth possible was announced recently by the Smithsonian institution.

Dr. E. D. McAlister, physicist of the institution, reported he had found an activator, or pilot chemical, present in the process of photosynthesis in which sunlight is converted into solid matter by chlorophyl, the green coloring matter of plants.

Without this conversion of light into matter by chlorophyl, man would perish. He would have no green plants to eat, his animals would be unable to survive for lack of food, and he would have no wood, oil or coal.

The progress of photosynthesis always has been believed to be the use of the sun's energy by chlorophyl to take carbon dioxide out of the air, synthesize it with other materials, principally water, and pass it along to other plant cells to make them grow.

The Smithsonian scientist found, in a series of delicate experiments, however, that the process is more complicated. When he flashed a strong light on a group of young wheat seedlings they did not start to absorb carbon dioxide immediately. There was a brief time lag before the process started. And when the light was turned off a similar lag occurred with the plants continuing to absorb the gas, contrary to previous theories.

Fire Escaped

LILLINGTON, N. C.—This town's fire truck reversed the usual procedure and sped away from a fire. The blaze was in the fire station.

Committees of the Presbyterian Church are busy ith their varied preparation for the Fall Food and Fun Festival to be held undr the auspices in the local church on the 27th of this month throughout the evening. It promises to be a gala occasion for which all will desire to reserve the date.

Farm Bureau Executive Flays 'Ham And'

Dr. Von T. Ellsworth, tax and legislative representative of the California Farm Burea Federation, declared in a statement made public today that "a depression far worse than any ever before experienced by any state will be faced by California if the proposed 'Ham and Eggs' amendment is passed in November."

Dr. Ellsworth, recognized as a national authority on tax problems and who has spent years in intensive research work on economics, has just completed an exhaustive study of Proposition No. 1. In a pamphlet he answers: "What harm will come from trying the 'Ham and Eggs' amendment?" with the following terse statements:

"It will disillusion the people and bankrupt the State.

"The mere prospect of 'easy money' is attracting large numbers or persons from other states, who hope to qualify in California for a living at someone else's expense.

"It will bankrupt California government if permitted to operate for any period of time.

"The experiment is extremely costly. It authorizes an immediate $700,000 general fund expenditure and the issuance of $20million in bonds which must ultimately come out of the pockets of the people.

"It imposes new and iniquitous taxes which must be paid.

"It creates new and unnecessary governmental institutions and commissions hich add to the cost of government.

"It takes from the people governmental control, which, when lost, is seldom regained.

"In recommending to the voters of California that they vote 'No' on Proposition No. 1, November 7, I am asking them to vote against the most fantastic. impossible and destructive measure ever to be presented to the people of California for consideration."

Armistice Day Plans Taking Shape

Camp Fremont, that vast army cantonment of the stirring days of '17 will live again—at least in the memories of the former soldiers who trained there and the residents of Menlo Park, along with thousands of guests—at the Camp Fremont Memorial which will be observed by the City of Menlo Park on Armistice Day, Saturday, November 11.

Civic organizations, Legion posts, and fraternal bodies are all combining to make this second annual celebraton an outstanding event. Last year Camp Fremont Memorial Park, a plot donated to the city for this purpose by an anonymous donor, was dedicated by ex-President Herbert Hoover and ex-Senator Samuel M. Shortridge at impressive ceremonies. "Silver tongued" Sam Shortridge has already accepted an invitation to be one of the speakers at this year's affair, according to L. L. Johnston, general chairman.

Parades, a barbecue and a dance will be on the day's program, in addition to the ceremony at the Memorial Park.

Menlo Park has issued an invitation to the people of Central California to be its guests.

Early Colonists Were Alert Press Agents

BOSTON.—With two rival fairs in operation, states from coast to coast are redoubling efforts to entice visitors. But this publicity drive is not new. The states had publicity men as far back as 1616. According to Gov. Leverett Saltonstall, back in 1616, Capt. John Smith (of Pocahontas fame) prepared maps and pamphlets on the advantages of New England and distributed them abroad. In 1621, English promotion companies engaged in crude advertising with lurid handbills to induce English people to go to America.

O. H. OLSON ATTENDS DUCATIONAL CONFERENCE

A meeting of California School Superintendents Association was held at the Hotel Del Monte on October 4, 5, 6 and 7. and attending from this district were: Superintendent A. C. Argo of Seuoia Hi School; Superintendent Andrew Spinas of Redwoo City Elementary Schools; Superintendent O. H. Olson, Menlo Park Elementary Schools

State Superintendent Walter Dexter led the convention and Governor Olson spoke.

Miss Pansy Jewett Abbott, San Mateo County Superintendent of Schools was elected as president of the California Superintendents Association.

Menlo Park Equadron, Sons of the American Legion will go to Redwood City n the evening of the 21st to install the officers of the Redwod City Squadron, which has just been organized.

Mrs. Horn Admitted To Churn Firm

Mrs. Ann Horn has been admitted to an interest in the Golden Churn Creamery in this city and has assumed the entire management of the store.

Mrs. Horn has esstablihed a very excellent reputation for the high class lunches an dsandwiches that have been served at this popular restaurant, and under her direction in the past the business has grown by leaps and bounds, and has now come to the place where it needs her entire supervision.

In order to maintain the high standard of ice cream that the Golden Churn has been serving Mr. Ike Johnson will continue to supervise its manufacture. However most of Mr. Johnsons time will be devoted to office work in connection with the J & A Sales Company activities.

Dog Demonstrates His Ability at Mathematics

RICHIBUCTO, N. B.—Alfred S. Beers owns a dog that can count, add and subtract.

For the benefit of skeptics, Beers has a repertoire of mathematical stunts that his fox terrier can do. When he asks, "What is four from six?" the dog barks twice, and gives the answers to other problems in the same way.

The highlight of the performance is when the owner shows the dog any card from the deck and asks him what number it bears. The dog barks as many times as there are spots on the card, then walks over to a chair where the deck is spread out and nudges one of the cards of the same suit.

Rancher Fools Rattler; Tramples It to Death

YAKIMA, WASH.—Rancher Ralph Sundquist, rancher, was walking through one of his orchards when he heard a rattle near him.

Sundquist looked to the ground and saw a rattle snake coiled to strike. Without a stick, stone or any other weapon, Sundquist moved away until the snake uncoiled and slithered to a small brush clump.

Then he gathered up handfuls of dust and threw them at the snake's head until it was blinded. While it writhed on the ground Sundquist watched his chance and trampled it to death.

CHRISTIAN ENDEAVOR HOLDS ELCTION O FFFICERS

Last Friday night the Serion Christian Endeavor Society of the Menlo Park Presbyterian Church held a Social and business meeting when the annual election of officers took place, the results of which are as follows: President, Vincent Cleveland; vice president, Warren Cleveland; ssecretary, Arlene Wood; treasurer, Evelyn Flora; Prayer Meeting chairman, Dorothy Clark; Lookout Committee chairman, Warren Cleveland; Missionary committee chairman, Etta MacDonald and Social committee chairman, Tom Gorman.

The earlier part of the evening was spent in games and a general good time as only young people can plan and enjoy and bounteous refreshments were served just before the party broke up. Mr. J. R. Froli, who is the advisor of this group, was present during the entire evening.

PLAY SAFE

Have You Ever had the experience of driving along at night and finding that you had to fight to stay awake?

There are many people who haven't survived the exprience. The phrase, "Driver apparently fell aslepp," is common in accident reports

The National Safety Council suggests these precautions:

Don't attempt too long stretches behind the wheel. Give yourself freuent rest periods during a trip. Keep one window of the car open, to prevent accumulation of motor gases which cause extra fatigue.

If you feel your eyes beginning to grow heavy and your attention wandering, pull the car off the road wa and rest. A short rest before an accident is better than a long one afterward.

SAN MATEO COUNTY TRAFFIC SAFETY COMMISSION

Menlo Park School Notes

(By Ann McFaul and Taruko Adoshi).

All eight grades and the Kindergarten of the Menlo Park schools observed Fire Prevention Week by special activities. Posters were made and essayss written, and the exhibit case in the hallway has been used as a visual education aid.

This case contains miniature houses illustrating the story of fire prevention, as well as pamphlets on the subject. On Wednesday Chief Cuff gave a surprise drill in which the children made an orderly exit from the building in 42 seconds.

The Loud Speaker's Club met on Thursday to discuss problems of health. The debaters of the day were Melvin Wasserman, Ougustine DeOcampo, Howard Linneman, Donald Govanetti, Richard DeForest and Joseph Ishizaki.

On Friday at 2 o'clock the student body assembled to her a mane Society. She aslo showed posters which had been made by children of Europe and as well as those made by American children.

On Monday, the eighth grade pupils who have been studying California met in the Auditorium with Rev. Thomas J. McKeon and Superintendent O H Olson to see slides on California Missions and to hear them discussed. This is the second in a seres of talks. His next visit will be on Monday. The missions already studied are San Diego, San Luis Rey, San Antonio De Pala and San Juan Capistrano.

Coach Jackson's second string of football players played Belmont on Wednesday on the Menlo Park Central gridiron.

The school nurse, Mrs. Morozoff, has completed the fall weighing of the children. She has found a gain in almost every case.

UNCENSORED

Whether one's buying a pair of cotton sox or a 16-cylinder car, buyers these days who deliberately ignore price tags are few and far between. Irrespective of the commodity, the price tag's there to be studied. And if the bargain turns out to be no bargain at all, the customer in most cases has his own bad judgment to blame.

30-Thursday— the chief commodity offered Californiia at the coming election— carries its price tag, too. It isn't labeled as plainly as most customers would like, and it requires a little figuriing to add it all up. But most citizens know how to add— and don't mind doing it, when their own pocketbooks are at stake. Here's the way the Federal Social Security Board figures it out:

Of C alifornia's million and a half citizens over 50, approximately onehalf, or 800,000— either unemployed or "willing to give up gainful employment"— would be eligible for 30- every- Thursday payments.

That would require the issuance of 24 millions in warrants each week. The 2 cent "redemption stamps", as required in the Act, to be pasted on each warrant every Thursday, would cost warrant-users 1 billion, 248 million dollars a year in real money.

Frankly, that's over a sixth of all the U. S. money in existence.

Equally frankly, that's 80 million dollars more than the total annual earnings of all working Californians. (There are 934,000 workers, and the average wage is $1,250 a year.)

The intelligent citizen will note that the 800,000 50-year olds who agree not to work will be paid $1,560 a year— or considerably more than the employed citizen who'll carry the load.

He'll note, too, that the 2 cent stamps required to make the warants spendable amount to $1.04 per warrant a year— and is just $1.04 more than citizens now pay for the use of a dollar earned in regular U. S. money.

If you're thinking you'll simply refuse to take the warrants—don't presume for a minute you'll get away with it. If anybody in the State takes warrants: stores; business houses; the State, cities or counties for taxes; your employer— then you'll take them in salary. And you'll stick on the required stamp every Thursday, just as the Act demands ,before you can spend them for bread and butbread and butter and steak and coffee.

There's a new 3 per cent penalty tax on all purchases made with real money. And on all fiirms, indiviiduals, churches and organzations with over $3000 a year ncome. There's promise, too, of eturn of the 1933 Sales Tax on ood— along with an ultimatum preventing the Legislature from ever exempting foods again.

The price tag on 30-Thursday lemands a new bond issue of 20 nillions to "capitalize" the new banking system; $700,000 in cash to inaugurate" the system; and $200,000 to "advertise" it.

That isn't all. But it's probably enough. Enough to make the intelligent citizen take a copy of the Act and honestly study the price tag— which he'll find chiefly in Section 6, 15, and 32.

London Is Mourning the Death of 'Egyptian Jack'

LONDON.—One of London's most mysterious characters, 70-year-old "Egyptian Jack" Mengedoht, was found dead here.

Although without formal education, Mengedoht for over 50 years daily haunted the Egyptian, Babylonian and Assyrian galleries of the British museum until he became an authority on antiquities and cuneiform writing.

He made a precarious living by occasionally acting as an unofficial guide in the Egyptian section, but most of his time he spent inside the reading room with scientific books on the ancient researches.

Who Has the Buttons? Collector for 72 Years

PINE RIVER, MINN.—'Way back in 1867 when she was seven years old, Mrs. Anna Underleak began a hobby of collecting buttons.

Today Mrs. Underleak has 12,000 buttons—45 pounds of them—collected from every section of the United States and from the larger countries in Europe and Asia.

Among the outstanding buttons in her collection, which are made of everything from blood, vegetables and pewter to gold and silver, are lead buttons taken from Custer's battlefield and those from the coat of Emerson Hough, author of "The Covered Wagon."

Fish Carries Harpoon

NEW BRITAIN. — The Formosa fisherman who lost his harpoon when it broke off in a 300-pound swordfish, probably would be interested to know that George Engle found it while dressing the fish in his market here. The harpoon had sunk deeply into the flesh and was covered over when the wound healed.

Indian Gets His Cash

PLEASANT POINT, ME.—Wanting some money in a hurry, Horace Nicholas, an Indian of Pleasant Point, Maine, raided a herd of seals off Hurley point and collected 14 noses—for which he received $28 bounty.

Recovers His Lost Sense Of Smell After 21 Years

LONDON.—For the first time in 21 years, 48-year-old Henry Watson, of Nafferton, Yorkshire, has just spent a week-end in his garden enjoying it to the full.

And all because he has recovered his sense of smell, which he lost as result of being gassed at Vimy Ridge, France, with a group of soldiers in 1918.

Watson recovered his sense of smell when attending an A. R. P. class. For the sake of appearances the old soldier took a sniff at a mustard-gas tube handed to him by the instructor.

That sniff of the deadly poison gas, which incidentally nearly wiped him out over 20 years ago, restored his sense of smell.

"I have tried all kinds of treatment, but nothing succeeded," he said today.

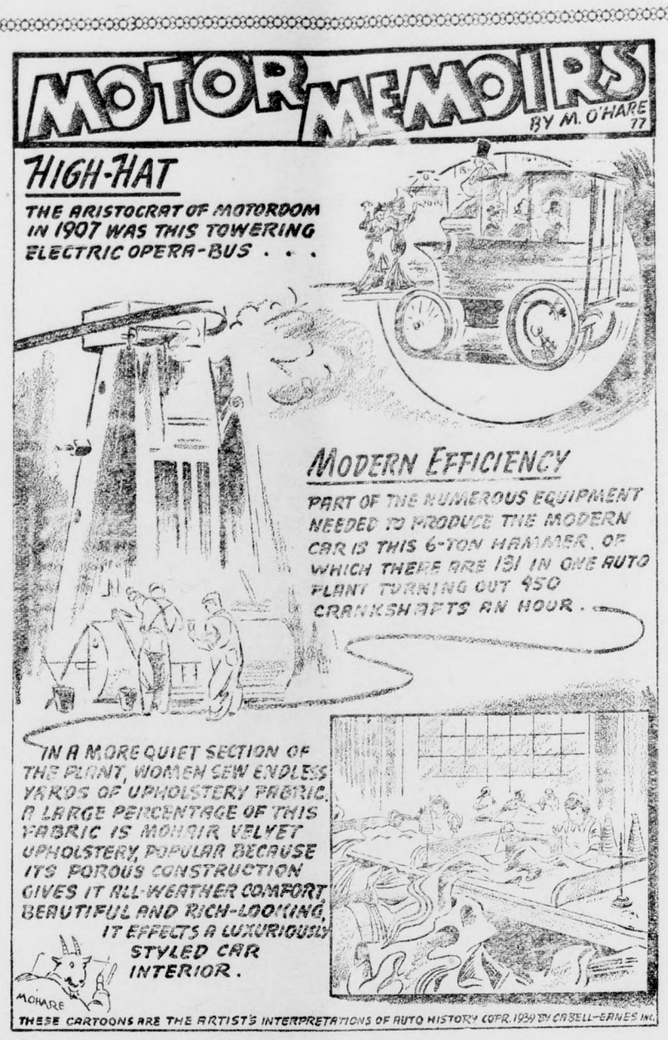

"My sense of smell is now normal, however."

Federal Report Scores Billboards on Highways

WASHINGTON.—The bureau of oublic roads, in its report recommending a nationwide national defense highway system, took a crack at the billboards and roadside stands, labeling them "positive menaces" to driving safety which "must be controlled."

"The mere presence of these numerous, close-crowding objects and establishments is a distraction to drivers of vehicles," the bureau said. "Some of them, by every conceivable device, endeavor to attract the attention of drivers of vehicles from their primary responsibility; most of them contribute largely to the hazards of unexpected stopping, turning, and emergence upon the highways of both vehicles and pedestrians.

"All are positive menaces and must be controlled, and the only probability of material improvement lies in a general and substantial widening of the rights-of-way of the more important roads, together with effective border control."

MILKING CHAMP

Blonde Erika of the New Folies Bergere is the Golden Gate International Milking Champion following her triumphal "squeeze" during the Autumn Festival at the fair. Erika who comes from the Austrian Tyrol to Treasure Island with the popular Clifford C. Fischer show milked 3 pounds and 15 ounces in two minutes. Mary, a blooded Jersey on exhibition in Dairyland, cooperated.

Mastodon Bones Found Under St. Louis Street

ST. LOUIS.—Bones of a mastodon, prehistoric elephant that roamed the American continent during the glacial age, have been found by WPA workers excavating near a busy thoroughfare here.

The bones, a shoulder or a hip joint and a three-pound tooth from the jaw of the beast, were found 17 feet below the surface in a deposit of blue clay.

Dr. Washburne D. Shipton, of the Washington university department of geology, said the bones were well preserved. They are kept at the home of Lloyd Greathouse, WPA administrator.

Adding Insult to Injury

MIAMI.—Knocked down by an automobile, a pedestrian got a summons for being in the way of the car.

Family Misses Diploma First Time in 12 Years

ST. JOSEPH, MO.—For the first time in 12 years Mr. and Mrs. Paul Westpheling have no diploma to hang on the wall.

But the family has collected almost enough sheepskins to paper the wall. The diploma collection so far includes 16 from nine different schools. They were collected by six children.

Four children are still in school and the diploma yield is expected to start again next year. They expect at least eight more graduating certificates.

War in China Returns Villages to Middle Ages

TIENTSIN, CHINA.—War conditions in North China have turned the hands of the clock so that many villages have taken precautions and fortified themselves as in the Middle ages.

But instead of battlements and drawbridges the villagers have surrounded themselves with masses of barbed-wire entanglements, charged with electricity at night.

At sundown the people drive their live stock into the fortified area and send them out at dawn to scatter over the countryside on which they barely manage to exist.

ARE YOU WILLING TO PAY YOUR SHARE?

• • •

HAM AND EGGS WILL TAKE 1/4 OF ALL YOUR EARNINGS!

Count the cost, California taxpayers — and count it carefully.

For if 30-Thursday becomes a law, YOU pay!

President Roosevelt warns: "It (30-Thursday) would constitute a 25 per cent income tax which would fall far heavier on the poor than on the rich.'

Working Californians would pay the piper for every "dollar" warrant issued to the privileged class of non-workers which would be set up under this preposterous plan.

And in addition, a new 3 per cent gross income, or gross transactions tax—a vicious pyramiding tax, applying to each turnover—would be levied against every cash transaction. That would mean .

A NEW TAX ON FOOD
A NEW TAX ON CLOTHES
A NEW TAX ON BUSINESS
A NEW TAX ON THE FARMER

Embarrassing

When *Acid Indigestion, Gas on Stomach or Heartburn* make you feel uncomfortable or embarrass you, try Alka-Seltzer, which contains alkalizing buffers and so helps counteract the associated Excess Stomach Acidity.

But the relief of these minor stomach upsets is only a small part of what you can expect Alka-Seltzer to do for you. You will find it effective for Pain Relief in *Headache, Neuralgia, Colds and Muscular Aches and Pains.* It contains an analgesic, (sodium acetyl salicylate), made more prompt and effective in its pain-relieving action by alkaline buffer salts.

When hard work or strenuous exercise make you feel tired and dragged out, enjoy the refreshing effect of a glass of sparkling, tangy Alka-Seltzer.

Rail Mileage Equals Four Trips to Moon

BELLEVUE, OHIO. — James Furlong, dean of Nickel Plate railroad engineers, retired after nearly 51 years of service during which friends figured he had traveled a distance equal to four round trips to the moon.

Furlong estimates his total mileage at 2,000,000 miles. The mean distance to the moon is 238,857 miles. On this basis he has traveled on rails a distance equal to more than four trips to the moon and back.

Long Range Forecasts Possible in Ionosphere

NEW YORK.—Conditions in the ionosphere, upper region of the earth's atmosphere, can now be predicted with reasonable accuracy a month or more in advance, two scientists of the National Bureau of Standards have informed the International Scientific Radio union.

The findings reported by N. Smith and A. S. Taylor are of special significance to radio broadcasters. Since all radio signals traveling over 1,000 miles pass through the ionosphere, upward of 35 miles above sea level, forewarning of "storms" in this atmospheric layer is valuable in the arrangement of broadcasts.

His Luck Held as Judge Dealt Out Penalty Hand

DAYTON, OHIO. — Charged before Judge Nerritt Schlafman in police court with promoting a game of chance, Arthur Chenault, 44, of Cincinnati, was asked by the court to explain the game. Judge Schlafman was not satisfied with the three cards Chenault used in his explanation of three card monte, and supplemented his own cards.

They were slips of paper bearing respectively these words: $50 and costs, suspended; $50 and costs, $25 suspended; 10 days in the workhouse. Chenault, after shuffling the cards, drew his freedom. He had drawn the card with the first inscription.

NOTICE OF ELECTION

NOTICE IS HEREBY GIVEN that whereas the Sanitary Board of the East Palo Alto Sanitary District, at a regular meeting of said Board held on the fourth day of October, 1939, by a vote of two-thirds or more of said Board, and the signatures of two-thirds or more of all its members, gave and made an order that in its judgment it is advisable to and that an election was called to submit to the electors of said district on the 7th day of November, 1939, the question of whether the bonds of said district shall be issued and sold in the sum of $75,000.00 for the purpose of raising money for the construction and laying of sanitary sewers and a sanitary sewer system for said district, and that the question of issuing bonds to make all said outlays be submitted to said electors as one proposal; and pursuant to resolution of said Board directing this notice:

Sec. 1. Said election will be held in the East Palo Alto Sanitary District on Tuesday, the 7th day of November, 1939, for submitting to the qualified electors of said district the question whether the bonds of said district shall be issued and sold for the purpose of raising money for the construction and laying of sanitary sewers and a sanitary sewer system for said district.

Sec. 2. The estimated cost of constructing said sewer system, and the amount of the principal of the indebtedness to be incurred therefor is $75,000.00 and the rate of interest to be paid on said indebtedness shall be not to exceed five percentum (5%) per annum, payable semi-annually.

Sec. 3 Said election shall be held and conducted, and the votes cast thereat received and canvassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided; and in all particulars not recited herein, according to the laws of the State of California providing for and governing elections in said East Palo Alto Sanitary District.

Sec. 4. The ballots to be used at said election shall be such as may be required by law to be used thereat, and in addition to any other matter required by law to be printed thereon, there shall appear thereon the following:

EAST PALO ALTO SANITARY DISTRICT

To vote for the proposition, and thereby authorize the incurring of a bonded debt to the amount of and for the purpose stated therein, stamp a cross (X) in the voting square after the words "BONDS—YES."

To vote against the proposition, and thereby refuse to authorize the incurring of a bonded debt to the amount of, and for the purpose stated therein, stamp a cross (X) in the voting square after the words "BONDS—NO."

PROPOSITION

Shall the East Palo Alto Sanitary District incur a bonded debt in the amount o $75,000.00, lawful money of the United States, for the construction and laying of sanitary sewers and a sanitary sewer system for said district, said debt to bear interest at a rate not to exceed five percentum (5%) per annum, payable semi-annually in like lawful money?

BONDS—YES	
BONDS—NO	

Sec. 5. Sample ballots containing the above matter required to be printed thereon, also a card stating the location of the precinct polling place of the elector, shall be supplied to the electors of the East Palo Alto Sanitary District by direction of the Secretary of the Sanitary Board, but a failure on the part of any elector to receive such sample ballot or such notice shall not be held to invalidate the election or affect in any manner the legality of any bonds authorized thereat.

Sec. 6. Every qualified elector resident within the East Palo Alto Sanitary District for the length of time necessary for him to vote at a general election, may vote at said bond election for or against the proposition herewith submitted.

To vote in favor of, and to authorize the incurring of a bonded debt to the amount of and for the purpose set forth in said proposition the voter shall stamp a cross (X) in the voting square to the right of the words "BONDS—YES" printed on the ballot, and to vote against and to refuse to authorize the incurring of a bonded debt to the amount of and for the purpose set forth in the proposition the voter shall stamp a cross (X) in the voting square to the right of the words "BONDS—NO" printed on the ballot.

Sec. 7. A cross (X) stamped in the voting square after the printed words "BONDS—YES" shall be counted as a vote in favor of said proposition and to authorize the incurring of a bonded debt to the amount of and for the purpose stated therein; and a cross (X) stamped in the voting square after the printed words "BONDS—NO" shall be counted as a vote against said proposition, and a refusal to authorize the incurring of a bonded debt for the purpose stated therein.

Sec. 8. There shall be four (4) voting precincts in said district for the purpose of holding said election, which precincts shall be those portions of the same precincts as those last established therein by the county Board of Supervisors for holding state and county elections, which lie within said district. Said precincts, the location of the polling places therein and the names of the election officers to conduct said election in said respective precincts are hereby designated and appointed as follows:

RAVENSWOOD PRECINCT
Polling Place, Ravenswood School, Corner Donohoe and Euclid.
Inspector, Augustus L. Reagan.
Judge, Jessie L. During.
Clerk, Dora Raithel.

WOODLAND PRECINCT
Polling Place, Fire House No. 2, Manhattan and Donohoe.
Inspector, H. W. Allsman.
Judge, Dorothy B. Thomson.
Clerk, Doris E. Baker.

EAST PALO ALTO PRECINCT
Polling Place, Seegelken Auto Court, 331 Cooley Street.
Inspector, Niels Jacobsen.
Judge Mayme E. Albertson.
Clerk, Anna L. Davis.

BAY PRECINCT
Polling Place, Wheet Club House, Clark and Weeks Street,
Inspector, C. J. Kellett.
Judge, Robert E. Topping.
Clerk, Betty H. Clark.

If any of the election officers above named are not present at the time of opening of the polls, the electors present may appoint such election officers and they shall conduct the election.

Sec. 9 At said election the polls shall be opened at six (6) o'clock A. M. of the day of said election, and be kept open until seven (7) o'clock P. M. of the same day, when the polls shall be closed, except as to the voters then in line at the polls, as provided in Section 1164 of the Political Code of the State of California.

Sec. 10. On behalf of said Sanitary Board the Secretary thereof is hereby authorized and directed to procure the necessary rosters, ballots, ballot boxes, and all other supplies necessary to properly and lawfully conduct said election.

When the polls are closed the officers of election shall count the ballots cast thereat, and canvass the votes cast respectively for and against the proposition herein stated, and shall make return thereof to the Secretary or President of the Sanitary Board in time, form and manner provided by law.

Sec. 11. If, at said election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorizing the incurring of a bonded debt to the amount of and for the purpose set forth in the proposition herein stated, then said proposition shall be deemed to have been accepted and approved by the electors, and bonds will be issued to defray the cost of the improvement therein specified and to the amount stated therein. Said bonds shall be of the form and character known as "serials", shall be of the denomination of One Thousand Dollars each. Two of said bonds shall be paid each year for the first five years; three of said bonds shall be paid each year or the next five years; four of said bonds shall be paid each year for the next five years; and five of said bonds shall be paid each year for the next six years. All of said bonds shall be paid at the office of the County Treasurer of San Mateo County in the City of Redwood City.

San Jose State Team Faces San Diego

San Jose State's unbeaten football team, five straight victories already on the book, opens its California Collegiate Athletic Association season here this Friday night against San Diego State.

The new conference is composed of four state colleges, San Jose, San Diego, Santa Barbara and Fresno. Fresno defeated Santa Barbara 13 to 6 last Friday night in the only conference game played to date.

Latest of the triumphs piled up by the "Pop" Warner-Dud De-Groot coached Spartans was last Saturday night's 28 to 0 victory over a University of Nevada team which was a lot tougher than the score indicates.

San Diego, beaten by Arizona State of Tempe, but holding victories over Redlands and Occidental, will likewise be tough. Coached by Leo Calland, San Diego teams have always been poison to San Jose State. The series now stands two up. San Jose won in 1935 and 1938, San Diego in 1936 and 1937.

The Spartan coaching staff will be striving to prevent the high-scoring locals from looking over the Aztecs' heads to that a-llimportant contest with College of Pacific, slated for Friday, October 20.
